

the TYLER TIMES

Happy New Year 2021; Calendar Delivery

We are all excited about the potential for 2021! While we've learned that nothing is a given anymore, there is genuine hope that this summer on the Lake will be more like the summers that we all remember and cherish; with family and friends and neighbors.

The Water Quality Committee is making plans to do another whole-lake treatment this summer. As you know, these treatments are very effective, but very expensive. Thanks to everybody who made a contribution to this fall's Weed Remediation fundraiser. If that slipped by you, please contact [Mark Harris](#) via email or phone 860.491.9095. We will really need it this year!

Calendars: Didn't get that 2021 calendar to keep important dates on? Or, just forgot to get your TLPA 2021 Calendar? It's not too late! Three ways to order:

Email [Tyler Lake Calendars](#) and Paddi Leshane will mail you however many you need,
Call or text Marty Harris at 860.309.0281 to pick one up at her house,
Pick one up at the Goshen Package Store!

FYI, all of the pre-orders have been sent out, as far as we know. If you pre-ordered and didn't receive one, contact the Calendar email, above.

Last but not least, residents of Tyler Lake Heights held an informal gathering on New Year's Eve at the Boat Launch. Yes, it was cold. Thanks to the O'Gorman's and the Kaizer's for sharing!
